UGR-CEUTA STAFF TRAINING WEEK BLENDED INTENSIVE PROGRAMMES (BIP) AND NEW MOBILITY OPPORTUNITIES WITHIN ERASMUS+

Ceuta (Spain) 10-15 June 2024
University of Granada

We are thrilled to announce the upcoming staff training week dedicated to blended intensive programmes within Erasmus+. Hosted at the Ceuta campus of the University of Granada, this training initiative aims to equip lecturers, international officers, Erasmus coordinators with the latest insights and methodologies in blended learning. Throughout the week, participants will engage in interactive workshops, discussions, and collaborative sessions designed to enhance their understanding and proficiency in designing and implementing effective blended intensive programmes. We look forward to fostering a vibrant exchange of ideas and expertise among the Erasmus community at our picturesque and frequently unknown UGR campus on the northern coast of Africa, just across the Gibraltar Crossing and bordering Morocco. The UGR Ceuta campus is designed to meet the needs of a diverse student population, offering a range of academic programs in fields such as education, economics, IT engineering, and nursing. The Campus is currently home to two faculties, the Faculty of Education, Economics and Technology and the Faculty of Nursing, both of which will act as hosts for the participants.
